

MULTIPLE U.S. 75 BRIDGE IMPROVEMENTS ARE COMING TO OSAGE COUNTY

STEP 1 - SUMMER/FALL 2024

This work is expected to last one construction season and will occur with temporary traffic control signals in place. A detour will not be required.

U.S. 75 bridges over 325th and 333rd streets will be resurfaced for long-term improvements.

U.S. 75 bridges over 341st Street and Frog Creek will be repaired. Full bridge replacements scheduled to occur in 2027.

STEP 2 - 2025 AND 2026

This work is expected to last two construction seasons and will involve detouring drivers from U.S. 75 onto K-31/W 309th Street.

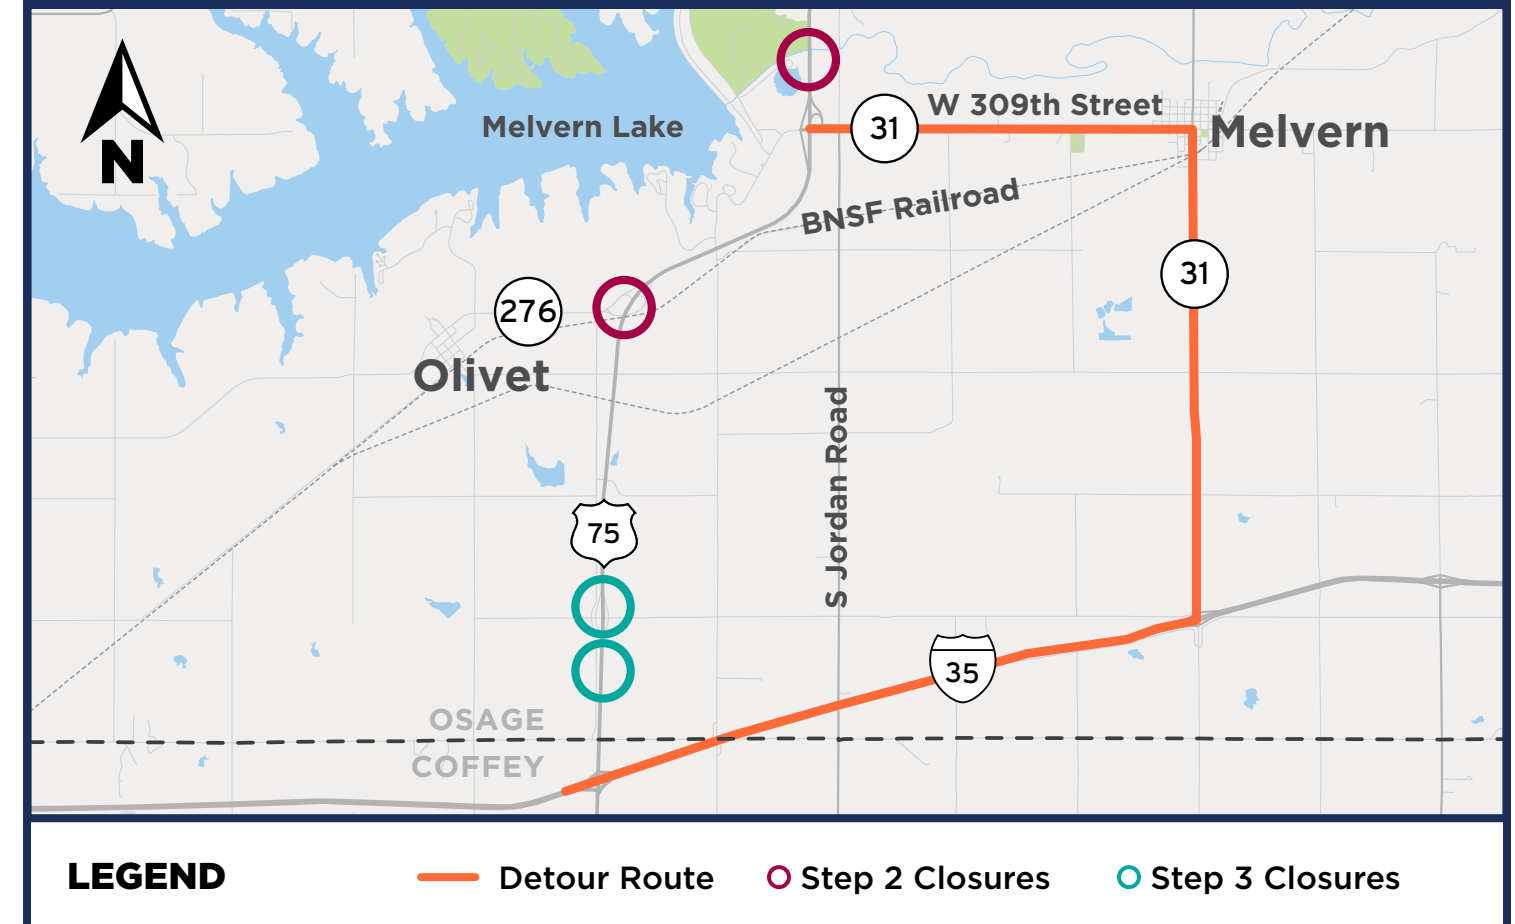

Reconstruct the bridge deck on the U.S. 75 bridges over the BNSF railroad near Olivet and the U.S. 75 bridge over the Marais des Cygnes River north of K-31/W 309th Street.

STEP 3 - 2027

During construction, U.S. 75 north of I-35 will be closed to through traffic and drivers will be detoured to take K-31/W 309th Street.

Replace the U.S. 75 bridges over Frog Creek and 341st Street.

Bridge Improvements
Osage County

ABOUT THE PROJECTS

Multiple bridge improvements are coming to U.S. 75 in Osage County. KDOT will begin resurfacing and patching the U.S. 75 bridges over Frog Creek, 333rd, 325th and 341st streets this year. In 2025, KDOT will reconstruct the bridge deck on the U.S. 75 bridges over the BNSF railroad and the Marais des Cygnes River. This project is expected to last two construction seasons, and during this time, traffic will be directed to K-31/W 309th Street. Finally, the U.S. 75 bridges over Frog Creek and 341st Street will be replaced. This work will not start earlier than 2027 and will also require traffic to be detoured from U.S. 75 to K-31/W 309th Street.
