

## How to read the STIP Amendments

STIP amendment information provides the same general project information and has the same format as the STIP project lists (Appendix A & C) with one addition- the disposition. The disposition information is provided to explain the change or changes being made to the project. Following this diagram is a list of the change dispositions abbreviations used in amendments with a brief description of each. Amendments to the STIP document are for significant changes to a project that require concurrence in the change from FHWA and/or FTA. Examples are the addition or deletion of a project, a major change in project cost, change in project/project phase initiation dates, a major change in design concept or design scope, and changes in funding. Below is a diagram that identifies the fields provided for projects listed in amendments. In addition, to meet FHWA requirements an amendment requires re-demonstration of fiscal constraint- this is achieved with the Cash Flow provided previous to this page.

### FFY 20YY - 20YY State Transportation Improvement Program Amendment List- the title identifies the STIP being amended

All Dollar Amounts in \$1,000's, some totals may not sum due to rounding of dollars

#### Kansas STIP March Amendment The header identifies the amendment and the date of the information.

Identifies phase of work Reason for change
Estimates the total expected cost of the work for that phase.
For federally funded projects the year that the work phase is anticipated to be obligated with FHWA; For projects without federal funds the year the work in that phase is expected to start
Total anticipated project cost includes ALL phases of work (even phases that may not be covered in the current STIP years) & ALL funding

Identifies project funding with one line per each fund type. The fund categories are provided in the Projects Administered by KDOT section of the STIP
Federal identification number used by FHWA to track federal funds on a project
Estimates portion of the total work phase cost attributed to each fund category
Indicates the percentage each fund category is of the total estimated work phase cost

#### Dickinson County where work is being performed; for projects that cover more than one county-this is the primary county where the majority of the work is being performed.

Project amended for change in Const/CE estimate

\*The line in blue is present when a project is being Advance Constructed. Advance Constructed projects are those being funded with state funds with the eligibility for future federal funds. The AC designation reserves tie right to federal funds when apportionment and obligation authority are available. The year indicates the year of expected conversion. In the STIP this information is provided in Appendix C.

County: Dickinson      Route: K047      Total Length (Miles): 0.0      Letting Type: NEGOT      NHS      N

County & Route: identify location of work being performed ; Length- distance project covers; Letting type: acronyms are described in the Project Administered by KDOT section of the STIP; NHS-indicates whether project is on the National Highway System; Program/Subcategory- indicates what KDOT program and subcategory the project belongs. Program /Subcategory Table is provided in the Projects Administered by KDOT section of the STIP & a description of each of Program & Subcategory is in the Project Selection Criteria narrative of the STIP.
